DETAILED ACTION

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1-5 are drawn to electronic money.

Group II, claims 6-11 are drawn to electronic use right.

Group III, claims 12-42 are drawn to a charging system.

Group IV, claims 43-61 are drawn to a reproducing method of content data.

The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

In **Invention I**, Applicant has claimed an electronic money having validity corresponding to cash as their claimed invention.

In **Invention II**, Applicant has claimed an electronic usage right that enables reproduction of contents as their claimed invention.

In **Invention III**, Applicant has claimed a charging system as their claimed invention.

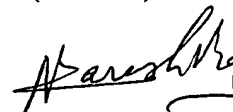

In **Invention IV**, Applicant has claimed a reproducing method of content data as their claimed invention.
